Comment l'utiliser ?

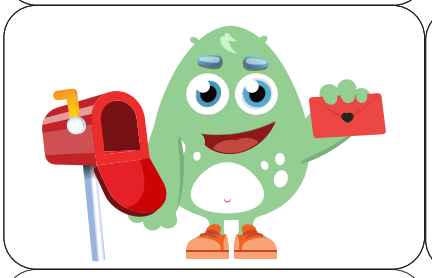

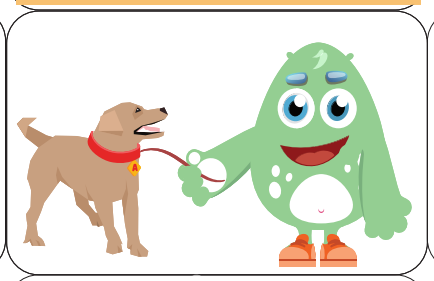

1. Imprimez le tableau et les cartes, si possible sur du papier épais.
2. Plastifiez-les, puis découpez les cartes.
3. Collez une pastille de velcro sur chaque rond du tableau et au dos de chaque carte.
4. Choisissez avec votre enfant 4 actions et leurs récompenses, puis accrochez les cartes.
5. À chaque réussite, cochez un rond au feutre effaçable. 5 ronds cochés = la récompense !
6. Effacez, puis recommencez ou changez de carte.
