How to use it

1. Print the board and the cards, on thick paper if you can.
2. Laminate them, then cut out the cards.
3. Stick a Velcro dot on each circle of the board and on the back of each card.
4. Choose 4 tasks and their rewards with your child, then put up the cards.
5. Each time they do it, tick a circle with a dry-erase marker. 5 ticks = the reward!
6. Wipe it clean, then start again or swap cards.
